INDEX TO VOLUME V

PAGE.

Adams-Stokes' syndrome with complete heart-block without destruction of the bundle of His; E. B. Krumbhaar 583
Addison's disease, three cases of, one with adrenal transplantation; F. C. Busch and T. Wright 30
Albumin in the urine, quantitative estimation of; A. F. Mattice 313
Albuminuria, postural or orthostatic; D. R. Hooker 491
Alcoholic neuritis, perforating ulcer of foot in; R. M. Van Wart 371
Anemia, temporary, alone and accompanied by perfusion, the effect on the kidneys of; C. C. Guthrie 232
Anesthesia, scopolamin-morphin, influence of on metabolism; F. M. Barnes ... 374
Antitryptic activity of human serum, experimental study of; R. Weil 109
Arterial disease, experimental, in the rabbit; M. C. Hill 22
Augustin's History of Yellow Fever; review of 532

Bacilli A and B (paratyphoid); F. Proescher and J. A. Roddy 263
Bacillus coli communis, emphysematous gangrene due to; R. G. Owen 102
Barach, Joseph, H.: Effects of severe exertion on the circulatory and renal systems 382
Barach, Joseph, H., and Mercur, W. H.: Trichinosis 530
Barnes, F. M.: Influence of scopolamin-morphin narcosis on metabolism 374
Barringer, T. B., and Hewlett, A. W.: Effect of digitalis on human ventricular rate 93
Bartlett, C. J., and Goldberg, S. J.: Blood-spots 217
Blood-pressure in epidemic cerebrospinal meningitis; G. C. Robinson 482
Blood-pressure in Marathon runners; J. H. Barach 382
Blood-serum, human, antitryptic activity of; R. Weil 109
Blood-spots: a medicolegal study; C. J. Bartlett and S. J. Goldberg 217
Blutgefässe und des Herzens, Lehrbuch der Krankheiten der, by Romberg; review of 532
Bone metabolism, studies of, especially the pathologic process, etiology and treatment of osteomalacia; F. H. McCrudden 596
Book reviews:
  Augustin's History of Yellow Fever 532
  Klebs' Tuberculosis 533
  Romberg's Lehrbuch der Krankheiten des Herzens und der Blutgefässe ... 532
Brem, Walter V., and Zeiler, A. H.: Hemoglobin of colored laborers in Panama 569
Busch, F. C., and Wright, T.: Addison's diseases, and adrenal transplantation 31

PAGE.

Cardiac irregularities produced by digitalis; A. W. Hewlett and T. B. Barringer 93
Cecil, Russell L.: Paratyphoid cholecystitis..... 510
Cholecystitis, paratyphoid; R. L. Cecil..... 510
Colon bacillus, emphysematous gangrene due to; R. G. Owen..... 102
Craig, Charles F.: Sexual forms of malarial plasmodia found in human blood. 325

Davis, Benjamin F.: Syphilis of the thyroid..... 47
Diabetes mellitus, total energy requirements in; E. F. DuBois and B. S. Veeder 37
Digitalis, effect of, on the ventricular rate in man; A. W. Hewlett and T. B. Barringer 93
Draper, George, and Robinson, G. C.; Presphygmic period of the heart..... 168
DuBois, Eugene F., and Veeder, S.: Total energy requirement in diabetes mellitus 37
Ductless glands, influence of on the pancreas; R. Pemberton and I. E. Sweet. 466
Duval, C. W., and Howard, C. P.: Chronic aleucemic enlargement of the lymphatic glands 6

Emphysematous gangrene due to a member of the colon group; R. G. Owen.. 102
Exertion, severe, effects of on the circulatory and renal systems; J. H. Barach 382

Fever, paratyphoid, bacteriologic studies on; F. Proescher and J. A. Roddy.. 263
Fever, Rocky Mountain spotted, relation of typhus (tabardillo) to; H. T. Ricketts and R. M. Wilder..... 361
Fever, Yellow, History of, by Augustin; review of..... 532
Foot, perforating ulcer of, in alcoholic neuritis; R. M. Van Wart..... 371
Frothingham, Channing: Chronic passive congestion of the liver..... 1

Gall-bladder inflammation, paratyphoid; R. L. Cecil..... 510
Gangrene, emphysematous, due to a member of the colon group; R. G. Owen. 102
Glands, ductless, further studies on the influence of, on the pancreas; R. Pemberton and J. E. Sweet 466
Glands, lymphatic, chronic aleucemic enlargement of; C. W. Duval and C. P. Howard 6
Goldberg, S. J., and Bartlett, C. J.: Blood-spots..... 217
Guthrie, C. C.: Effect on the kidneys of temporary anemia..... 232

Heart, irregularities of, produced by digitalis; A. W. Hewlett and T. B. Barringer 93
Heart, presphygmic period of; G. C. Robinson and G. Draper..... 168
Heart-block associated with infectious diseases; F. W. Peabody..... 252
Heart-block without complete destruction of the bundle of His, in Adams-Stokes' syndrome; E. B. Krumbhaar..... 583
Hemoglobin of colored laborers in Panama; W. V. Brem and A. H. Zeiler... 569

PAGE.

Hemoglobinuria, paroxysmal; C. H. Neilson and O. P. Terry 577
Herpes zoster of the cephalic extremity; J. R. Hunt 631
Herrick, William Worthington: Pneumoperitoneum 246
Herzens und der Blutgefässe, Lehrbuch der Krankheiten des, by Romberg; review of 532
Hewlett, A. W., and Barringer, T. B.: Effect of digitalis on human ventricular rate 93
Hill, Miner C.: Experimental arterial diseases in the rabbit 22
Holt, L. Emmett: Bacteriology of the respiratory tract in children, with especial reference to influenza 450
Hooker, D. R.: Postural or orthostatic albuminuria 491
Howard, C. P., and Duval, C. W.: Chronic aleucemic enlargement of the lymphatic glands 6
Hunt, J. Ramsay: Symptom-complex of the acute posterior poliomyelitis of the geniculate, auditory, glossopharyngeal and pneumogastric ganglia .. 631

Infantilism with absence of thyroid and tumor of pituitary; I. I. Lemann and R. M. Van Wart 519
Infectious diseases, heart-block associated with; F. W. Peabody 252
Inflammation; E. L. Opie 541
Influenza, the bacteriology of, in children; L. E. Holt 449

Kidney, hemorrhages of, comparative value of vasomotor drugs in; C. J. Wiggers 348
Kidney, inflammation of, experimental; R. M. Pearce 133
Kidneys, effect on, of severe exertion; J. H. Barach 382
Kidneys, effect on of temporary anemia alone and accompanied by perfusion; C. C. Guthrie 232
Klebs' Tuberculosis, a Treatise by American Authors; review of 533
Krumbhaar, E. B.: Adams-Stokes' syndrome 583

Lambert, Alexander, and Wolf, C. G. L.: Protein metabolism in pneumonia. 406
Lemann, Isaac I., and Van Wart, R. M.: Infantilism with absence of thyroid and tumor of pituitary 519
Liver, chronic passive congestion of; C. Frothingham, Jr 1
Lymphatic glands, chronic aleucemic enlargement of; C. W. Duval and C. P. Howard 6

Malarial plasmodia occurring in human blood, sexual forms of; C. F. Craig. 325
Marathon race, effects of on the circulatory and renal systems; J. H. Barach. 382
Mattice, Albert F.: Quantitative estimation of albumin in the urine 313
McCrudden, Francis H.: Bone metabolism, especially in osteomalacia 596
Meningitis, epidemic cerebrospinal, blood-pressure in; G. C. Robinson 482
Mercur, William H., and Barach, J. H.: Trichinosis 530

PAGE.

Metabolism, bone, studies of, especially the pathologic process, etiology and treatment of osteomalacia; F. H. McCrudden 596
Metabolism in diabetes; E. F. DuBois and B. S. Veeder 37
Metabolism, influence of scopolamin-morphin narcosis on; F. M. Barnes 374
Metabolism, nitrogenous, in pernicious vomiting of pregnancy; F. P. Underhill and R. F. Rand 61
Metabolism, protein, in pneumonia; C. G. L. Wolf and A. Lambert 406
Munson, J. F.: Cases of low temperature 120

Narcosis, scopolamin-morphin, influence of metabolism on; F. M. Barnes 374
Neilson, C. H., and Terry, O. P.: Paroxysmal hemoglobinuria 577
Nephritis, experimental problems of; R. M. Pearce 133
Neuritis, alcoholic, perforating ulcer of the foot in; R. M. Van Wart 371
Nitrogen metabolism in pernicious vomiting of pregnancy; F. P. Underhill and R. F. Rand 61

Opie, Eugene L.: Inflammation 541
Osteomalacia, pathologic process, etiology and treatment of; F. H. McCrudden 596
Owen, Robert Goldsborough: Emphysematous gangrene due to colon bacillus 102

Pancreas, further studies on the influence of the ductless glands on; R. Pemberton and J. E. Sweet 466
Paratyphoid cholecystitis; R. L. Cecil 510
Paratyphoid fever, bacteriologic studies on; F. Proescher and J. A. Roddy .. 263
Peabody, Francis W.: Heart-block associated with infectious diseases 252
Pearce, Richard M.: Experimental nephritis 133
Pemberton, Ralph, and Sweet, J. E.: Further studies on the influence of the ductless glands on the pancreas 466
Pepsin, modified method for clinical estimation of; W. C. Rose 459
Plasmodia, malarial, occurring in human blood, sexual forms of; C. F. Craig. 325
Pituitary, tumor of in infantilism with absence of thyroid; I. I. Lemann and R. M. Van Wart 519
Pneumonia, protein metabolism in; C. G. L. Wolf and A. Lambert 406
Pneumoperitoneum, a study of with a means of diagnosis; W. W. Herrick ... 246
Poliomyelitis, acute posterior, of the geniculate, auditory, glossopharyngeal, and pneumogastric ganglia; J. R. Hunt 631
Pregnancy, nitrogenous metabolism in pernicious vomiting of; F. P. Underhill and R. F. Rand 61
Protein metabolism in pneumonia; C. G. L. Wolf and A. Lambert 406
Proescher, Frederic, and Roddy, J. A.: Bacteriology of paratyphoid fever .. 263

Race, Marathon, effects of on the circulatory and renal systems; J. H. Barach 382

PAGE.

Rand, Richard F., and Underhill, F. P.: Nitrogenous metabolism in pernicious vomiting of pregnancy 61
Renal hemorrhages, comparative value of vasomotor drugs in; C. J. Wiggers. 348
Respiratory tract in children, bacteriology of acute infections of, with especial reference to influenza; L. E. Holt 449
Ricketts, H. T., and Wilder, R. M.: Typhus fever (tabardillo) and Rocky Mountain spotted fever 361
Robinson, G. Canby: Blood-pressure in epidemic cerebrospinal meningitis... 482
Robinson, G. Canby, and Draper, G.: Presphygmic period of the heart..... 168
Roddy, John A., and Proescher, F.: Bacteriology of paratyphoid fever..... 263
Romberg's Lehrbuch der Krankheiten des Herzens und der Blutgefässe; review of 532
Rose, William C.: Method for clinical estimation of pepsin 459

Scopolamin-morphin narcosis, influence of, on metabolism; F. M. Barnes.... 374
Serum, human, antitryptic activity of; R. Weil 109
Spotted fever, Rocky Mountain, relation of to typhus fever (tabardillo) to; H. T. Ricketts and R. M. Wilder 361
Sweet, J. E., and Pemberton, R.: Further studies on the influence of the ductless glands on the pancreas 466
Syphilis of the thyroid; B. F. Davis 47

Tabardillo, or typhus, relation of to Rocky Mountain spotted fever; H. T. Ricketts and R. M. Wilder 361
Temperature, low, some cases of; J. F. Munson 120
Terry, O. P., and Neilson, C. H.: Paroxysmal hemoglobinuria 577
Thyroid absence of, in infantilism with tumor of pituitary; I. I. Lemann and R. M. Van Wart 519
Thyroid, syphilis of; B. F. Davis 47
Trichinosis with recovery of parasite from the blood and muscle; W. H. Mercur and J. H. Barach 530
Tuberculosis, A Treatise by American Authors, edited by Klebs; review of.. 533
Typhus fever (tabardillo), relation of to Rocky Mountain spotted fever; H. T. Ricketts and R. M. Wilder 361

Ulcer, perforating, of the foot in alcoholic neuritis; R. M. Van Wart..... 371
Underhill, Frank P., and Rand, R. F.: Nitrogenous metabolism in pernicious vomiting of pregnancy 61
Urine, quantitative estimation of albumin in; A. F. Mattice 313

Van Wart, Roy M., and Lemann, I. I.: Infantilism with absence of thyroid and tumor of pituitary 519
Van Wart, Roy M.: Perforating ulcer of the foot in alcoholic neuritis..... 371
Vasomotor drugs in renal hemorrhages, comparative value of; C. J. Wiggers. 348
Veeder, Borden S., and DuBois, E. F.: Total energy requirement in diabetes mellitus 37

PAGE.

Ventricular rate in man, effect of digitalis on; A. W. Hewlett and T. B. Barringer 93

Vomiting, pernicious, of pregnancy, nitrogenous metabolism in; F. P. Underhill and R. F. Rand 61

Weil, Richard: Antitryptic activity of human serum 109

Wiggers, Carl J.: Comparative value of vasomotor drugs in renal hemorrhages 348

Wilder, Russell M., and Ricketts, H. T.: Typhus fever (tabardillo) and Rocky Mountain spotted fever 361

Wolf, Charles G. L., and Lambert, A.: Protein metabolism in pneumonia .. 406

Wright, T., and Busch, F. C.: Addison's disease and adrenal transplantation. 31

Yellow Fever, History of, by Augustin; review of 532

Zeiler, A. H., and Brem, W. V.: Hemoglobin of colored laborers in Panama. 569

Zona of the cephalic extremity; J. R. Hunt 631
